AREA AFTER EACH
CLIENT*

CLEAN ALL SALON
SURFACES A
MINIMUM OF TWICE
A DAY*

REMOVE ALL
MAGAZINES AND
TABLETS IN
COMMUNAL AREAS

PROMOTE ONLINE
BOOKING AND
PRE-PAYMENT

ACTIVELY
COMMUNICATE
THESE PRINCIPLES
TO ALL CLIENTS

*Currently, WHO/OMS recommends using for disinfection after cleaning: 70% ethyl alcohol to disinfect small areas between uses, such as reusable equipment or tools (for example, combs, scissors, clips...). Sodium hypochlorite at 0.5% (equivalent to 5000 ppm) for disinfecting surfaces could be also used. You can use either wipes or spray.
